DESIGN FOR THE INTELLIGENT HOME

- affinity with embedded software is an extra.
- you are innovative and create customer-oriented solutions.
- you are a go-getter, work independently with the necessary attention for deadlines.
- you are perfectly Dutch and English speaking.

In return we offer you...

an interesting and varied job in an international environment within a high-tech and growing company in Merelbeke. We offer a dynamic working atmosphere with a no-nonsense company culture where initiative is highly appreciated. Followed by a competitive salary which is completed with extra-legal benefits such as lunch passes, eco-vouchers, hospitality insurance, commuting allowance and a bicycle mobility plan. Off course, we foresee the necessary support and training to perform this job.

Why you want to be part of our team?

Basalte is a Belgian design mark which offers an elegant, strong and simple solution for the smart home. Simplicity, honesty, focus and passion are the four basis words of our DNA and these determine in which way we work, how we communicate with each other and how we produce our products. Our company aims not only to deliver the maximum value to our customers but also to our colleagues.
